

CENTRAL TEXAS SECTION OF THE WATER ENVIRONMENT ASSOCIATION OF TEXAS

May 2002

<http://www.weat.org/central/>

Tuesday, May 21, 2002, 6:00 p.m.
Joe C. Thompson Conference Center, Dining Hall

The meeting cost of **\$10 (\$5 for students)** includes a buffet dinner, short business meeting, and a presentation entitled "**Optimization - Is Less More?**". The presentation will be made by Curtis Smalley with the Brazos River Authority.

If you plan to attend this meeting, contact Rose at 452-5905 by **Wednesday, May 15, 2002 for reservations, or e-mail her at rmurphy@apaienv.com**

Note: The May meeting will be a dinner meeting instead of our usual May lunch meeting.

Curtis Smalley has over 20 years of experience in the water and wastewater field, primarily wastewater treatment. He has an "A" wastewater license and is a TNRCC-certified instructor. He has been with the Brazos River Authority for the last 12½ years. He is currently the Regional Superintendent for the Brazos River Authority's Central Basin Region with oversight of three regional wastewater systems, one regional water system and other operations in the basin.

Also at the May meeting, we will have the election of new officers. The Nominations Committee has presented the following slate of nominees for next year's officers.

OFFICER NOMINATIONS

President - Bruce Wiland
Vice-President - David Briggs
Section Rep. - Richard Eason

President-Elect - Raj Bhattarai
Treasurer - Karol Menhard

Paul Jensen will, of course, enjoy his year as Past President. Thanks Paul for all your hard work!! Also enjoying a respite from the Central Texas Section WEAT Board is Carol Batterton, outgoing Section Rep.

Meeting Sponsors: Sponsors for this month are HDR Engineering and Newman Regency.

HDR Engineering, Inc. is a national consulting engineering firm with Texas offices in Austin, Corpus Christi, Dallas, Ft. Worth, Houston, and San Antonio. To view HDR career opportunities in Texas and the nation please visit us on line at www.hdrinc.com/careers/

Newman Regency, a professional manufacturers representative firm, Newman Regency Group provides a variety of quality, engineered process equipment for the water and wastewater industries. Licensed engineers and industry veterans are available in each of our Austin, Dallas or Houston (corporate) offices to assist with project design, equipment selection and cost estimates. Please contact us at 512-327-9615 (Austin), 972-769-1993 (Dallas) or 713-981-7448 (Houston).

Section Rep. - Carol Batterton
239-6306, cbatterr@tnrcc.state.tx.us
Past Pres. – Richard Eason
261-6222, reason@lakewaymud.org

SUMMER PLANS

WEAT is currently planning for this year's summer meeting. WEAT will once again join forces with the local AWWA chapter to stage a summer activity for all water professionals in the Central Texas Area. For those of you that attended last summer's event on Lake Austin, you know what a great time we had cruising the lake and visiting with colleagues, spouses and friends. Information concerning the summer event will be sent out as a special flier once the date and activity are finalized. Don't miss out on the fun and be ready to start the new year with our September meeting.
