SPRING HAS SPRUNG IN CENTRAL TEXAS!

WEAT Presents – Chris Quigley, CH₂M HILL, Inc.

March 23, 2004 at 6:00 p.m.

Joe C. Thompson Center – University of Texas at Austin

This month, Chris Quigley will give a presentation entitled “VOC Emissions from WWTPs.” The meeting is open to anyone in the Central Texas area interested in water and wastewater issues. The evening will include a social gathering and dinner followed by Mr. Quigley’s presentation and a short business meeting. The price of admission is only \$10.00.

Our January meeting had another large crowd in attendance and we expect a similar response this month. We need your help in getting an accurate count. **If you plan to attend the meeting, please contact Teresa Jones at (512) 322-5826 or at central@weat.org by Wednesday, March 17, 2004.**

About Chris Quigley . . .

Mr. Chris Quigley is a registered professional engineer in Texas and is a Senior Technologist with CH₂M HILL in Austin, Texas. He has over 9 years experience related to environmental engineering. Chris has been involved with work related to VOC emissions from wastewater conveyance and treatment since the early 1990s, and he has published numerous papers on these topics. He is currently the lead developer of CH₂M HILL’s INTERCEPTOR Model, which is capable of estimating VOC emissions from sewers and is also involved with improving the BASTE Model, a general fate model that calculates VOC emissions during wastewater treatment.

Chris has a BSc in Biology from Dalhousie University, Halifax, Nova Scotia, Canada and a BSc and MSc in Environmental Engineering from the University of Guelph, Guelph Ontario Canada.

Meeting Sponsors

HDR Engineering, Inc. has been in business since 1917, making it one of the oldest and most stable engineering firms in the country. HDR is continually ranked as one of the top 50 firms in the country by *Engineering News Record* magazine in their list of "Top 500 Design Firms" and is presently ranked in the Top 15 for Sewer/Waste and Wastewater Treatment. As the civil engineering arm of the parent company, HDR, Inc., HDR Engineering, Inc. employs a staff of over 3,000 people in 70 offices nationwide and abroad.

Hartwell Environmental Corporation represents leading manufacturers of water and wastewater treatment equipment for municipalities, industry and utility districts. Our manufacturers provide the latest technology in the industry and we are dedicated in providing this equipment to our Texas and Oklahoma markets.

NEWSLETTER NOTICE

Due to the decreased use of hard-copy newsletters, and to minimize expenses, the Central Texas Section of WEAT will be going to an all-electronic format for delivering its newsletter and other notices. If you would like to continue receiving a hard copy of this newsletter and future notices, please call Laura Di Pasquale at (512) 322-5862.

The Central Texas Section normally meets at the Joe C. Thompson Conference Center at the University of Texas at Austin Campus. The meetings are usually held the third Tuesday of odd numbered months.

This newsletter is sent to more than 350 water professionals in the Austin area. If you are interested in sponsoring a meeting/newsletter, or if you have information for publication, contact Brad Castleberry at 512-322-5856.

Central Texas Section Officers are listed below. If you are interested in volunteering, please contact any officer.

President – Raj Bhattarai
972-0075, raj.bhattarai@ci.austin.tx.us
President - Elect – David Briggs
346-1100, briggsdc@cdm.com
Vice-President – Steve Coonan
452-5905, scoonan@apainv.com
Treasurer – Karol Mehnard
457-7748, karol.menhard@m-e.com
Secretary – Brad Castleberry
322-5856, bcastleberry@lglawfirm.com
Section Rep. – Richard Eason
261-6222, reason@lakewaymud.org
Past President – Bruce Wiland
444-3188, wiland@att.net
