Central Texas Section Kicks Off the New Year!!

WEAT Presents – Glynda Mercier, P.E.
January 11, 2005 at 6:00 p.m.
Joe C. Thompson Center – University of Texas at Austin

This month, Glynda Mercier, P.E. will be our guest speaker, and will be discussing issues related to endocrine-disrupting chemicals in surface water and ground water supply sources, as well as in treated drinking water and wastewater. Ms. Mercier will discuss the presence of these chemicals in water supplies, and their ramifications to public health. The meeting is open to anyone interested in this subject. The evening will include a social gathering followed by a buffet dinner. Afterwards, Ms. Mercier will give her presentation and there will be a short business meeting.

If you plan to attend the meeting, please contact Laura Di Pasquale at (512) 322-5862 or at central@weat.org by Wednesday, January 5, 2005.

About Ms. Mercier:

Glynda Mercier, P.E. is Principal of the consulting firm of GlynData. A graduate of Texas A&M University, Ms. Mercier has been involved in Texas water resources planning for fourteen years within the state's water agencies and the private sector. Her experience includes preparing the statewide 1997 Consensus Water Plan, preparing 'Senate Bill One' regional water plans for the Plateau and Far West Texas regions, preparing regional and local water supply studies, and performing Water Availability Model analyses. Additionally, Ms. Mercier's career experience includes modeling water distribution systems and wastewater collection systems, and modeling hydrologic systems of watersheds. Ms. Mercier first began researching endocrine-disrupting chemicals in 1993. Currently Ms. Mercier serves on a Water Environment Research Foundation committee overseeing research pertinent to endocrine-disrupting chemicals in wastewater.

Reminder for WEAT Meeting Attendees - PayPal!

Please note that the Central Texas Section of WEAT has gone high-tech on you, and you now have the ability to pre-pay for each meeting by credit card! To do so, you can either go to <http://www.weat.org/central/>, click on "Read More" about the next meeting's program and speaker, and then click on "Pay in advance by credit card"; or, alternatively, you can go straight to <http://www.weat.org/central/paypal.htm>.

YP CORNER

Welcome back from the Holidays! Looking forward to kicking off a great 2005.

In preparation for the New Year, the YPs rounded out 2004 by gathering one last time before the Holidays to ponder the age-old question...Scotch or Bourbon?

As members of the Water Environment Association of Texas, I found it very apropos to debate the values of what some consider the "water of life"...whiskey. Okay, Okay...I suppose that's a little too much poetic license, but the "Great Whisk(e)y Debate", co-hosted by the great-grandson of Jim Beam along with a master whisky blender from Scotland, proved to be an excellent way for the YPs to spend their last official gathering of 2004.

Along with many of the usual suspects, we had two relative newcomers to the group, Neil Higa with Carollo Engineers and Paul Cohen with Diamond Fiberglass Fabricators. Hope to see you guys at more of the meetings and YP functions.

In 2005, we look forward to growing our little YP group, not only at the happy hours, but also in terms of participation in Austin Habitat for Humanity, through our YP liaison, Julie Hastings, by encouraging student chapters at the local universities, and by getting more involved with WEAT at the Section and State Levels.

To learn more about YP activities and/or to get more involved with WEAT, please feel free to contact me at 512-331-4368 or mmadolora@premierchemicals.com.

Matt Madolora
YP Chair – Central Texas Section

Meeting Sponsors:

Alan Plummer Associates, Inc., (APAI) is a Texas corporation with offices in Austin, Dallas, and Fort Worth. The firm was founded in 1978 to provide specialized civil/environmental engineering services to municipalities; local, state and federal regulatory agencies; water districts and water authorities; and private industrial clients. Developing *practical, technically reliable*, and *cost-effective* project solutions is the primary commitment that APAI makes to its clients. This commitment is fulfilled through *innovative* approaches that apply *sound engineering* and *scientific principles*. APAI maintains a staff of approximately 75 professionals, the majority of which are registered professional engineers and environmental scientists. For more

information, contact Dr. Peggy Glass or Mr. Steve Coonan, P.E. at 512-452-5905.

Environmental Improvements, Inc. Environmental Improvements, Inc., established in 1966, is a Manufacturer's Representative firm specializing in water and wastewater treatment. We represent a complete line of manufacturers capable of treating water and wastewater both municipally and industrially. We are the largest Manufacturer's Representative providing treatment equipment and solutions in Texas with service centers in Austin, Dallas and Houston.

Central Texas Section Officers are listed below. If you are interested in volunteering, please contact any officer.

President – David Briggs
346-1100, briggsdc@cdm.com
President - Elect – Steve Coonan
452-5905, scoonan@apaienv.com
Vice-President – Karol Menhard
457-7748, Karol.Menhard@tcb.aecom.com
Secretary – Brad Castleberry
322-5856, bcastleberry@lglawfirm.com
Treasurer – Heather Harris
453-2468, Heather.Harris@ch2m.com
Section Rep. – Richard Eason
261-6222, reason@lakewaymud.org
Past President – Raj Bhattarai
972-0075, raj.bhattarai@ci.austin.tx.us

This newsletter is sent to more than 350 water professionals in the Austin area. If you are interested in sponsoring a meeting/newsletter, or if you have information for publication, contact Brad Castleberry at 512-322-5856.

UPCOMING MEETINGS:

Legislative Update, Ty Embrey, Lloyd Gosselink Blevins Rochelle & Townsend, P.C., March 22, 2005

OTHER EVENTS:

North Texas Section Seminar – Biological Nutrient Removal, February 10, 2005

Northeast Section Environmental Seminar, Rose Garden Center, Tyler, Texas, March 15, 2005

Texas Water 2005 – Moody Gardens, Galveston, Texas, April 5-8, 2005

3rd Bi-Annual Texas Odor and Corrosion Conference and Expo, Irving, Texas, May 12-13, 2005
