

Call for Abstracts – Save January 28, 2011

Texas WaterReuse Association, Water Environment Association of Texas, and Texas American Water Works Association invite you to submit an abstract for the **1st Annual Water Reuse Conference** in Texas — co-sponsored by our three associations.

Instructions: To be considered for a technical presentation, submit an abstract by **August 13, 2010**. Abstracts must be one page or less and include the title, author(s), and up to three subject areas selected from the box at right. Abstracts should be submitted to Vandertulipwd@cdm.com.

Session Proposals: Individuals speakers and organizations may submit proposals for complete sessions (1.0 to 1.5-hour) duration. Session participants will be required to submit manuscripts and PowerPoint files in accordance with the same schedule as individual speakers.

For additional information contact:

Don Vandertulip

Chair, Technical Program Committee
Phone: 210.253.2870 ♦ e-mail: Vandertulipwd@cdm.com

Roger Schenk

Chair, TAWWA Reuse and Conservation Division
Phone: 512. 346.1100 ♦ Schenkre@cdm.com

Mike Morrison

Chair, WEAT Water Reuse Committee
Phone: 512.617.3150 ♦ MGM@freese.com

“No Paper/No Podium” Policy: By submitting an abstract, a potential presenter agrees to (1) prepare and submit a manuscript by December 15, 2010 for publication in the conference proceedings, (2) to prepare and deliver an oral presentation at the Conference, and (3) register for the conference by January 20, 2011. Speakers using visual aids in their presentations also agree to submit a PowerPoint presentation by January 20, 2011. Individuals who fail to submit a manuscript and presentation slides (if used) in a timely fashion will be replaced in the Conference program with an alternate presenter. See the list of important deadlines below.

Location: The 2011 Texas Water Reuse Conference will be held at the **San Antonio Water System, Tower II, 1st Floor**, 2800 US Hwy. 281 North, San Antonio, Texas - the “The Alamo City”. Conference is scheduled for **9 AM to 4 PM, January 28, 2011**.

Water Reuse Abstract Subject Areas

Utility Operations

- CCC** Customer conversion challenges
- CDS** Conveyance, distribution, and storage system design and operation – including cross-connection control
- OPR** Operations/maintenance and operator issues
- RCD** Reuse customer development
- RUD** Reuse utility development
- WRP** Provider/distributor responsibility

Follow the Money

- RFO** Funding options for water reuse facilities
- WRR** Water reuse rate structures

Water Reuse Planning

- IRD** International reuse case studies
- MEM** Membranes, MBR and Satellite plants
- PLN** Planning for water reuse
- RGR** Regulatory, institutional, and legal issues
- SUT** Sustainability through reuse
- URB** Urban reuse – golf courses, parks, landscape, residential

Water Quality Issues

- DSQ** Maintaining reclaimed water distribution quality
- GW** Ground water issues and concepts – including aquifer storage and recovery
- IPR** Indirect Potable Reuse
- PRE** Potable reuse
- TTR** Treatment technologies
