Day 1, Track 1: Management System Elements: Internal Audits, Management Review, and Corrective Action Workshop, by Marlene Moore

8:45-11:45am – Internal Audit, Management Reviews and Corrective Actions, Part 1

The objective of this workshop is to provide information on the implementation of internal audits, management review and corrective action processes. The seminar orients laboratory managers in these processes. It is focused on Sections Volume 1 Module 2 Sections 4.11, 4.14 and 4.15 of the 2009 TNI standard. This seminar provides detailed guidance for laboratory managers and QA personnel who are employed by laboratories currently accredited to the **NELAC standards** or seeking accreditation to the **TNI**. The materials include specific examples of corrective action, internal audits and management.
