

CP&Y, Delta Risk and Signature Automation will be hosting a half-day WEAT symposium for water and wastewater industry stakeholders; security and control system professionals; academia; and State, Local, and Federal government emergency managers. The objective is to raise awareness of the current cyber risk landscape (threats, vulnerabilities, and impacts) faced by water and wastewater companies and the communities they serve; and to present opportunities to share best practices for mitigating these risks.

The agenda for this symposium will be as follows:

8:00 – Registration & Networking

9:00am – Welcoming Remarks

- Rick Hidalgo, P.E. – President/Founder, Signature Automation, LLC (*Host/Emcee*)
- Curtis Smalley, P.E. – Assistant Director of Utilities, City of Waco / WEAT President
