

The Third Annual W. Wesley Eckenfelder Lecture Series

Tuesday, July 2, 2013 - 9:00 A.M. - 2:00 P.M.
McLennan County College, Waco, TX

The Eckenfelder Lecture Series was developed to honor Dr. W. Wesley Eckenfelder's distinguished career as an environmental trailblazer spanning more than 60 years, during which time he taught and trained thousands of graduate students and professionals in the art and science of wastewater treatment. This year WEAT is proud to present lectures by several key professionals and academics greatly influenced by Dr. Eckenfelder, including Dr. Joe Yelderman, Dr. Bill Batchelor, Dr. Bryan Brooks, and Dr. Ben Stanford.

Understanding What You Can't See: Emerging Contaminants and Fate of Compounds in Wastewater Treatment

PROGRAM

- 8:00 am - Registration, Continental Breakfast, Coffee
- 8:55 am - Welcome by Mr. Curtis Smalley, WEAT President
- 9:00 am - *Perspectives on Environmental Assessments of Contaminants of Emerging Concerns* - Dr. Bryan Brooks, Baylor University
- 9:45 am - *Interaction of Contaminant Properties and Plant Characteristics in Determining Fate of Compounds in Wastewater Treatment Plants* - Dr. Bill Batchelor, Texas A&M University
- 10:30 am - Break
- 10:40 am - *Lessons Learned from a Wastewater Research Facility* - Dr. Joe Yelderman, Baylor University
- 11:25 am - *Efficacy and Energy Requirements for Trace Contaminant Removal in Water Reuse Systems* - Dr. Ben Stanford, Hazen and Saywer, P.C.
- 12:10 am - Lunch
- 1:00 pm - Panel Discussion with Q&A - led by Dr. Ana J. Pena-Tijerina, City of Fort Worth Water Department
- 2:00 pm - Adjourn
