

FREE WEAT WEBINAR

Responding to a Cyber Incident in in W/WW Organizations

Wednesday, March 11, 2015

11:30AM – 1:00PM

This webinar is the fourth in the WEAT Cyber Security Webinar Series and will focus on responding to a cyber incident in water/wastewater organizations. This webinar will provide the attendee with the following: Basic guidelines as to how personnel should respond to a cyber security attack; current national priorities and directives designed to enhance cybersecurity of critical infrastructure systems; and considerations related to an incident response. Following the presentations, our panelists will also provide their uniquely informed cyber security perspectives during a moderated Q&A portion of the webinar.

AGENDA
