

Biosolids and Odor and Corrosion Conference & Expo

August 9-10, 2017 – San Marcos, TX

The biosolids and odor and corrosion landscape in Texas is changing at an ever increasing rate. With population growth, economic pressures, legislative initiatives, and regulatory changes making effective and proactive management plans priorities for utilities. Join your colleagues and biosolids and odor and corrosion experts for a 1.5 day conference covering the latest technologies as well as the ever-changing regulatory arena. This conference and expo will provide insights and tools to develop sustainable programs that will meet your management needs of today and the future.
