#### Become a WEAT Member!

Join WEAT or renew your membership. The Water Environment Association of Texas (WEAT) is made up of about 2,800 Texas professionals including scientists, engineers, utility managers, operators and regulators who have dedicated their careers to protecting and enhancing our state's water resources. At \$50 per year, WEAT membership provides ample benefit to you, your employer, and the environment as you gain access to networking and professional development events, service activities, and interaction with innovative technologies.
