

2022 WEAT Collection Systems and Odor & Corrosion Specialty Conference: Planning for the New Normal Attendee Registration

Embassy Suites Frisco, Texas on June 1 & 2, 2022

The global landscape has changed significantly over the past several years thus impacting how we manage and maintain our collection systems. This workshop is designed to educate attendees of current day solutions to address the needs of collection systems. Intended as collaborative and information sharing, the workshop will include a utility operation discussion panel, regulatory updates along with topics relevant to changes in the industry of collection system O&M staffing, funding, equipment, activities, data collection and application, odor and corrosion management, and next generation technologies. Speakers include industry and municipal leaders in their field of expertise. Register online at www.weat.org/events/2022-collections-conference
Exhibitor and sponsorship opportunities are available at www.weat.org/events/2022-collections-sponsorship
