

Managing Biosolids and Public Perception: How to Woo with Pool!

June 6 - 7 , 2023 | Texas Star | Euless, TX

Biosolids *Beauty* Contest

- Are you proud of your process?
- Do you rave about your residuals?
- Do you have the most fragrant fertilizer?
- Do your biosolids smell like money?

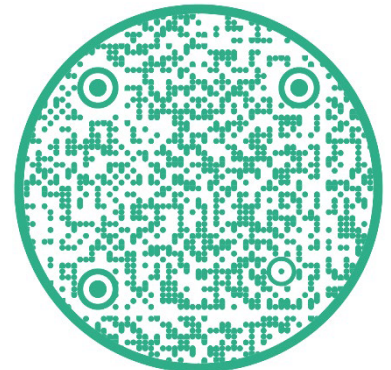

Show off your solids
in WEAT's inaugural
Biosolids Beauty
Contest!

Entries will be judged and winner announced as part of the WEAT specialty conference, June 6-7, 2023.

- Only biosolids from wastewater utilities are eligible (eg, no industrial waste)
- Samples must meet minimum Class B criteria
- Dewatered to minimum 16% total suspended solids
- Maximum 1 quart sample in sealed container
- Be creative in your presentation!
