

# Operational Preparedness: Protecting our Future Water Supply

Safety, Cyber and Infrastructure Security Symposium

Wednesday, September 28, 2022  
Dallas, Texas

Water Environment Association of Texas

## Sponsorship Opportunities

Join us for the WEAT Operational Preparedness Symposium. As federally designated critical infrastructure facilities, it is important for water and wastewater utilities to guard against potential disruptions caused by both natural disasters and human conduct. Considering consistently increasing cyber-attacks and severe storms which have ravaged Texas in recent years, the WEAT Safety, Cyber and Infrastructure Security Committee produce this symposium for knowledge sharing between utilities across Texas as well as local, state, and federal government agencies.

**Here is your opportunity to be a special part of the 2022 WEAT Operational Preparedness: Protecting our Future Water Supply. Get your product and name out to professionals in the wastewater industry.**

Event Sponsorship: \$400.00

- One complimentary Conference registration
- Recognition with thanks and logo at Symposium
- Name recognition on signage and PowerPoint during the Symposium
- Logo linked in emails promoting the Symposium
- Recognition on the WEAT website and social media pages
- Recognition via a special insert in WEAT's official print and e-publication – Texas WET
- Social Media tagging and shout-outs
