About WEAT and Pricing

WEAT is a member association of the Water Environment Federation that includes over 33,000 water professionals worldwide. WEAT and WEF are committed to providing you with the tools needed to stay on top of a changing political, economic, and global environment, while offering you leadership opportunities and a knowledge base that is truly extraordinary.

WEAT is a 501(c)(3) nonprofit technical and educational organization dedicated to promoting scientifically sound environmental policy and regulations in the water quality industry.
