Water Reuse in the 87th Session of the Texas Legislature

October 14, 2021

While the 87th Session of the Texas legislature was not a water-heavy session, several water reuse bills did pass that will substantively impact reuse in Texas. This webinar will discuss several water bills passed in the 87th Session of Texas legislature, including SB 3, and will focus specific attention to the water reuse bills including SB 905 and SB 601. Presenters from the TCEQ will discuss the implementation process and timeline for SB 3, SB 905, and SB 601. The TCEQ will also discuss HB 2771, the produced water discharge bill that was passed during the 86th Session of Texas legislature and has been successfully implemented by the TCEQ.
